

PASSAGE COURSE MAPS

The pages that follow show an individual course map for each Passage Race course described in Attachment B (Courses 7-23). Each map shows the route between marks in sailing order, the direction each mark is rounded (port/starboard), and the mark GPS co-ordinates (WGS84).

These diagrams are provided as a navigation and briefing aid only. They do not vary or replace the course descriptions, mark co-ordinates or requirements set out in Attachment B, which prevail in the event of any inconsistency. Coastlines shown are indicative only and must not be used for navigation - refer to the official mark co-ordinates for definitive positions.

Course 24 (X1) is sailed as described at the Skippers Briefing and is not mapped here.
